

November 2014

Dear Parents

Careers Guidance

During the coming months your child has to make some very important choices on their future. One of the toughest challenges they will face is to know what careers and courses they would find fulfilling and what potential they have. This is where psychometric tests are very useful as they provide objective information about a person that is difficult to obtain any other way.

We will run a Morrisby Profile session at Beaumont on 20th April, if there is sufficient interest from parents and pupils. The widely used Profile is recognized as the UK's leading vocational psychometric test.

One of the main reasons students take the Profile is because it gives them the opportunity to step back and take an analytical and objective look at their make-up before they make any far reaching decisions on their future. It also helps to ensure that they will be considering careers and courses where they are likely to meet with the most success.

The Morrisby Profile itself is not like an exam in that there is no pass or fail. The profiling exercise looks at a person's different abilities comparing them with another. The scientific analysis of the results then provides genuine insights into potential future work performance.

Test results from the Profile, in report format, will be sent to students and their parents. The report will highlight abilities, relevant personality characteristics and interests. The tests may even identify strengths that have not yet come to light in the school environment.

Included in the fee is a lifetime login to an online support site (www.morrisby.com). This site will enable candidates to access an electronic version of their report and a range of other very helpful resources. There is also a Looking Forward Appendix which maps suggested careers with post 16 (A Level) and HE options.

Students may also opt for an individual discussion on their report at School with one of Vocare's specialist careers advisors.

If you would like your child to access this service - it costs £55 without an interview and £69.50 with one - please return the completed form below to Mr Cross by **5th December 2014**.

Yours sincerely

Claire Kremer
