

## The Beaumont School Community believes...

All members of the school have the right to their own opinions. However, we reject the expression of views that are deliberately hurtful or offensive.

We should treat others as we would wish to be treated.

Everyone's identity should be respected.

No-one should be treated differently because of their race, gender, colour, sexuality or religious views or because of their physical or academic abilities.

No-one should experience any form of bullying.

Everyone has the right to feel happy and secure at school and to develop as an individual.

All students should be helped to develop a caring and responsible attitude towards others.

All students should be encouraged to understand the causes of prejudice and discrimination and to welcome others' opinions and to celebrate differences.

Everyone should feel valued and no-one be made to feel inferior.

All students should show respect both to other students and to adults.

Positive, non-stereotypical images should be used and students be encouraged to challenge stereotyping.

The curriculum should offer fair access to all subjects and be taught in a way which reflects and celebrates cultural differences, experiences and viewpoints.
