

# Can you trust?

What you are seeing on the web, social networks and media; in newspapers, magazines and books

Is it accurate, up to date and impartial?

## Think about ...

... who produced it, why and when

- ? Are they credible - trustworthy, reputable?
- ? Is the information fact or opinion?
- ? What is their motive?
- ? Are they selling something?
- ? How old is the information? When was it last updated?
- ? Do you need to register/set up an account? Why?

enabling young people to succeed
