11 September 2018

Dear Parent/Carer

## Subscription to 'my-GCSEscience.com'

As part of our commitment to supporting your child through their Science GCSEs the school would like to offer you the opportunity to purchase a heavily discounted subscription to the 'my-GCSEscience' video tutorials and exam-preparation resources.

We are keen that as many students as possible have access to high-quality revision resources at home so that they are in the strongest possible position to study independently for tests and exams. They may also need to follow up classwork after absence, or when they have found a topic more challenging and wish to review it. Of course, Science teachers will continue to offer help to individual students as required, but students will really benefit from having these resources to use outside of their lessons, on top of the Kerboodle online textbook and assessment resources already provided by the school.

My GCSE Science has created an excellent online learning and revision platform that is fully updated for the 9-1 GCSE specifications. As well as video tutorials, the platform provides multiple-choice quizzes, exam-style questions and mark schemes on every topic. It covers both Foundation and Higher tier material and provides advice on Maths Skills and Required Practicals. A 'traffic-light' progress tracker provides structure and organisation to help your child navigate the substantial amount of content on the course. My GCSE Science works well on laptops, tablets and smartphones.

In recent years a number of Beaumont students have purchased their own subscriptions to 'my-GCSEscience' and found it extremely helpful. This year, we are again delighted to be able to offer discounted individual subscriptions to [www.my-GCSEscience.com](http://www.my-GCSEscience.com). It is strongly recommended that parents opt in to this package. If you would like to have a closer look before ordering, please go to [www.my-GCSEscience.com](http://www.my-GCSEscience.com). Subscriptions will last until the end of June in the year that your child completes their GCSE exams.

Because the school will be buying 'in bulk', it has been able to negotiate a subscription price for parents far below the individual rate, as shown below:

Duration of Access	Year group	Total cost per student		Saving compared to an individual subscription
		Double Award	Triple Award	
1 year	11	£4.95	£9.95	80%
2 years	10	£7.95	£15.95	84%

If you would like to purchase access to these resources for your child, please complete and return the attached slip together with payment (cheques made payable to Beaumont School) **by no later than Friday 28 September 2018**. You should send your money or cheque in a sealed envelope with your child's name, form and 'my-GCSEscience' clearly written on it. This should be posted in the appropriate box outside the Finance Office. Alternatively you can make payment over the internet using our online payment system (**NB: You must still return the attached reply slip to school in order to place an order**). We will be unable to process orders received after this deadline.

Yours sincerely,  
Dr H Skelton  
Head of Science
