

Year 11 and Beyond: Information Evening

11th October 2018

Our aim is to prepare young people to become active, caring and confident citizens who lead rewarding lives.

We want every student who leaves Beaumont to do so with a sense of pride in their achievements, an awareness of their responsibilities and a sense of appreciation for all the opportunities they have experienced.

We will support all students during this year hopefully to achieve these aims.

A Model of the Mind

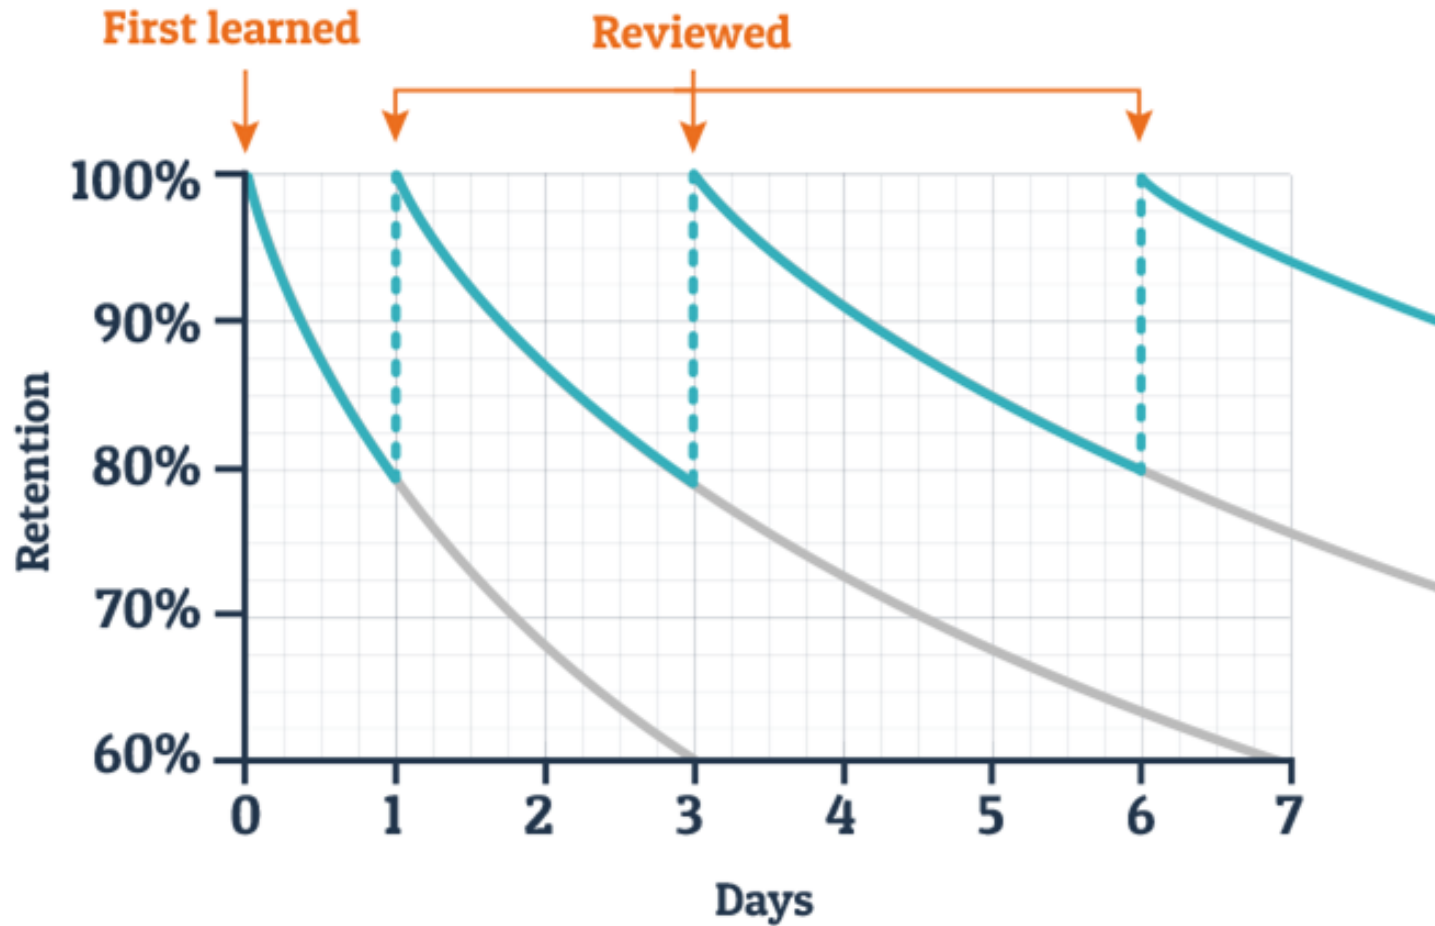

Memory - the bad news...

...and the good news

What are the implications for revision?

Less Effective:

- Re-reading
- Highlighting
- Summarising

More Effective:

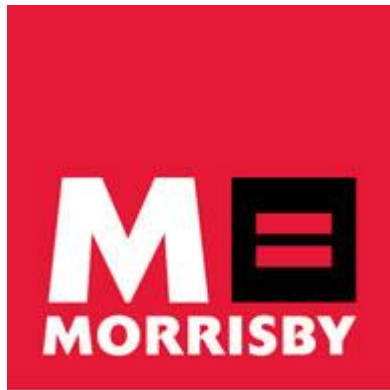

- Distributed learning
- Retrieval practice

Questions to ask:

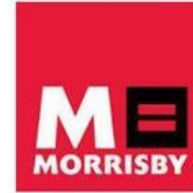

- Is there a regular programme of revisiting knowledge?
- Are the activities difficult?
