#### **CURRICULUM POLICY**

## Aims of the curriculum

#### At Beaumont School:

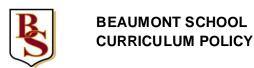

- We believe that education is a personal and social good in its own right, rather than merely a means to an end.
   Therefore we aim to provide a stimulating curriculum in which students develop a thirst for learning and value scholarship.
- We believe that all students are entitled to a broad education. Therefore we aim to give them a secure grounding in linguistic, mathematical, scientific, technological, social, physical and aesthetic fields, whatever their starting points.
- We believe that school plays an important role in developing informed, responsible citizens. Therefore we provide high quality personal, social and health education to prepare students for the responsibilities of adult life.
- We believe that depth of knowledge is essential in order for independent thinking and creativity to develop.
   Therefore we aim to develop each student's knowledge base through careful selection, sequencing and review of the most valuable content.
- We believe that discrete subjects provide the best framework to deliver the high quality education which is our
  goal. Therefore we respect the integrity of each one and place great value on recruiting and developing specialist
  teachers who are experts in their fields.
- We believe that education has the power to liberate socially and culturally disadvantaged young people from the
  constraints of their backgrounds and empower them to create their own destinies. Therefore we place great
  importance on their entitlement to a broad, challenging education and aim to give them access to academic
  knowledge which takes them well beyond their everyday experience.
- We believe that students' additional needs should not prevent them from gaining the excellent education to which they are entitled. Therefore we have high expectations of what they are able to learn and seek to support them to gain access to the most valuable knowledge.
- We believe that the development of cultural capital is an important aspect of every student's school experience. Therefore we provide and promote a wide range of enrichment and extra-curricular opportunities which aim to broaden pupils' learning experiences.
- We believe that students need support in aiming high and making appropriate choices about their future education and careers. Therefore we provide them with informed, impartial advice and guidance to enable them to make the most of their talents and achieve their aspirations.

## Current organisation of the curriculum

# KS3:

At KS3 the curriculum is currently organised as follows:

Subject	Weekly lessons in Year 7	Weekly lessons in Year 8	Weekly lessons in Year 9
Art	1	1	1
Computer Science	1	1	1
Drama	1	1	1
English	5	5	4/5 (depending on whether one or two languages are studied)
History	2	2	2
Geography	2	2	2

Mathematics	4	4	4/5 (depending on whether
			one or two languages are
			studied)
MFL	4	4	4/6 (depending on whether
			one or two languages are studied)
Music	1	1	1
PE	3	3	3
PSHCE/Citizenship	1	1	1
RE	1	1	1
Science	4	4	4
Technology	3	3	2
Tutor period	1	1	1

#### KS4:

At KS4 the core curriculum is made up of English, Maths, Science, PE, RE/PSHCE and a language. There is the option for students to take a second language, while a small group of students with significant SEN are offered withdrawal from MFL and an alternative course. In addition, students have four option choices, one of these choices being between Geography and History, although it is possible to do both of these subjects.

The curriculum is currently organised as follows:

Subject	Weekly lessons in Year 10	Weekly lessons in Year 11
English	5	5
Maths	4	5
MFL (or ASDAN/Literacy Support)	3	3
Option A	3	3
Option B	3	3
Option C	3	3
Option D	3	3
PE	2	2
RE/PSHCE	1	0
Science	6	6
Tutor period	1	1

- Option courses are reviewed every year to ensure that the qualifications offered meet the needs of a particular
  year group. However, groups will only run if there is sufficient pupil interest to make them viable, other than
  ASDAN/Literacy Support, which will run even if numbers are very small. The options system is currently organised
  on a free choice basis with blocks constructed to enable the maximum number of pupils to be placed on their
  preferred courses.
- Should a subject be oversubscribed, the selection process is based around pupils' expressed order of preference, i.e. a pupil who ranked a particular subject first will be given a place over a student who ranked it second.
- Should there be too many first choices for all pupils to be placed, places will be allocated by lottery.
- Selection by ability forms no part of the placement process at KS4, however Triple Science is only offered to students on track to attain a Grade 6 by the time of making choices in Year 9.
- If it is not possible to place a student on all of his/her selected courses, the student and, if necessary, his/her parents will be consulted about alternatives.

#### KS5:

- At KS5 the curriculum is currently organised in collaboration with Sandringham and Verulam schools to provide access to the largest possible range of qualifications. The availability of courses is also dependent on sufficient student interest to make a class viable.
- The curriculum across the consortium is reviewed annually to ensure that courses remain appropriate and meet the needs and aspirations of students.
- Entry to the Sixth Form is dependent on students meeting the entry criteria outlined in the prospectus and in the Procedure for Admission to the Sixth Form.
- The core curriculum of 3 or 4 A levels or a combination of vocational qualifications and A levels is complemented
  with a compulsory programme of tutor time, supervised study (for the great majority) and optional enrichment
  courses.

#### **Leadership of the Curriculum**

- Specified members of the Leadership Team have responsibility for oversight of the curriculum and general organisation including overall strategic leadership, quality assurance, determining desirability and viability of courses, arranging advice and guidance, placing students and organising the timetable.
- Heads of Subject have responsibility for strategic leadership and direction of their specific subject.
   Responsibilities include the organisation and regular review of schemes of work, monitoring and evaluating the work of the subject area, providing efficient resource management for the area and ensuring that the subject curriculum meets the needs of all pupils.
- Each Head of Subject is line managed by a member of the Leadership Team.

### **Grouping arrangements**

The majority of subjects are taught in mixed ability groups. Where subjects employ some grouping by ability, subjects have clear procedures for placing students in different groups and review student placement at least twice a year. Any changes to sets are communicated to parents in writing.

## Monitoring the Effectiveness of the curriculum

- The Deputy Headteacher i/c curriculum is responsible for monitoring how the curriculum is implemented across the school.
- The link Leadership Team member is responsible for monitoring the effectiveness of the curriculum in the subjects which they oversee.
- Monitoring of the curriculum and its effectiveness on pupil learning takes place throughout the year using a variety of tools such as lesson observations, analysis of internal and external progress data and work scrutiny.
- The school operates a biennial programme of department reviews to monitor the implementation of the curriculum.
- The Community, Teaching and Learning Committee of the Governing Body oversees the effectiveness of the curriculum.

## **Further documentation**

The curriculum policy should be read in conjunction with the following policies and procedures:

- Teaching and Learning Policy
- Literacy Procedure
- Numeracy Procedure
- Sex and Relationships Education Policy
- Examinations Procedure
- Non-Examination Assessment Policy
- SEN Policy
- Procedure for Admission to the Sixth Form

The policy has undergone Equality Impact Assessment in accordance with the School's Public Sector Equality Duty under the Equality Act 2010.
