15 March 2021

Dear Parent/Carers

I wanted to get in contact with you to explain how we are going to manage completion of the upcoming mocks for those students who have been required to self-isolate recently.

We have set up a Google Classroom especially for those who are self-isolating. Through this virtual classroom, students will be able to access their mock papers at the scheduled date and time, according to the mock timetable.

Students will join a Google Meet link on the Classroom and an assignment for the paper they are due to sit will become available to access five minutes before the mock will start.

Students will be asked to keep their camera on for the duration of the paper and we will ask that the camera is angled at them completing their work. We will also ask that students put their sound on mute so as not to disturb others. The sessions will be recorded and a member of the Sixth Form office will be invigilating throughout.

Please note that if your son/daughter is entitled to Exams Access Arrangements, these will be factored into the individual assignments that will be set and clear instructions will be provided.

When students have finished the paper they will then upload pictures of all their work straightaway via the set assignment. We will use these images to compare what work is handed into the Exams Office when they return to school to the pictures that are taken at the time.

If your child has any issues on the day please contact sixthform@beaumont.school. This will ensure that a member of the team can deal with any issues swiftly.

I want to take this opportunity to wish your son/daughter all the best.

Yours sincerely

Mrs J Tolley  
Head of Sixth Form
