

Getting started with **unifrog**

What is **Unifrog**?

Unifrog is an on-line platform where you can keep a record of your skills and activities as you go through school. It has lots of information about subjects and courses (Sixth Form, college, university, &c) you can go on to study and how they can lead to a future career for you. It can help you to make the best choices for you. If you keep it up to date as you do more activities in and out of school and develop more skills, you can use the information you have recorded when you apply for courses and jobs in the future.

What to do ...

- **Logging on and creating your account**

Search for 'Unifrog Sign In' in Google and click on the *Been given a Form Code > Sign in for the first time* button on the right hand side of the home page.

The **Form codes** for Year 9, 2022 are:

9 B S C X B B 2 6

9 L S C X B L 2 6

9 E S C X B E 2 6

9 A S C X B A 2 6

9 R S C X B R 2 6

9 N S C X B N 2 6

9 S S C X B S 2 6

Do not include your form, so the code starts 'SCX...' and there are no spaces between the letters/numbers.

Fill in the rest of the sign up details and make sure you use your school email address. The school's postcode is AL4 0XB. [That's a zero and not the letter O].

Make sure you record your Unifrog password in your planner! (page 7).

Time to explore with **Exploring Pathways ...**

The more information Unifrog has about you (and don't worry, it is secure and password protected!), the more it can guide you.

From the Home page, scroll down to the dark blue **Interests Profile** and the dark pink **Personality Profile**. You can complete either these (the **Interests Profile** is probably the easiest to start with) by clicking **Start >**.

Also, from the Home page, you can scroll down to the **Subjects Library** and the **Careers Library**.

The **Subjects Library** gives you ideas about what careers link to subjects you are interested in studying for Key Stage 4 (GCSEs, BTECs, &c), in the Sixth Form or at college and beyond.

The **Careers Library** tells you about different jobs and the qualifications and skills you need to succeed in them.

You can "favourite" any information by clicking on the ♥ icon to make it easier to get back to in the future.

What next ?

You can access your Unifrog account on any web-enabled device so you can complete the Profiles or play the video clips on your home devices.

As you go up the school and have to make choices for your courses in Year 11 (Sixth Form, college or an Apprenticeship), you can use the **Exploring pathways** and **Searching for opportunities** resources to give you the best information to make the best choices for you.
