February 2022

Unifrog

Dear Parent / Carer,

For this week's Personal Development Day, Year 10 students will be learning about 16+ and 18+ options in Higher Education, Further Education and Apprenticeships.

To enable them to explore these pathways independently, we are also "onboarding" Year 10 students onto the Unifrog online guidance platform. Students access the tool for the first time using a sign-up code, which is unique to their Tutor Group. These will be distributed via students' Tutor Group Google Classrooms. They login to Unifrog using their school email address and they can do so from any computer, tablet or smartphone. Each student will have their own, password-protected account.

Also, as part of National Careers Week, Unifrog is running a special event to give students the opportunity to compare all the different post-school pathways side by side (see attached flyer). At the virtual *Next Steps Fair*, students will have the chance to hear from employers, universities, and Apprenticeship providers in live sessions and to visit their virtual booths to chat with them directly. The event is from **5.00 to 8.00 pm on Tuesday 8th March** and will be launched by **Joe Wicks MBE**, who will give a unique insight into how he got to where he is today and the importance of following your passion when it comes to students "finding their dream careers". Access to the virtual event will be via a student's Unifrog account.

We would encourage you to use the platform with your child so that you can support them to explore the range of information and guidance Unifrog offers, especially as they approach key transitions at 16 and 18.

For more information, visit www.unifrog.org/about.

Yours faithfully,

C Cross

Assistant Headteacher / Careers Leader
