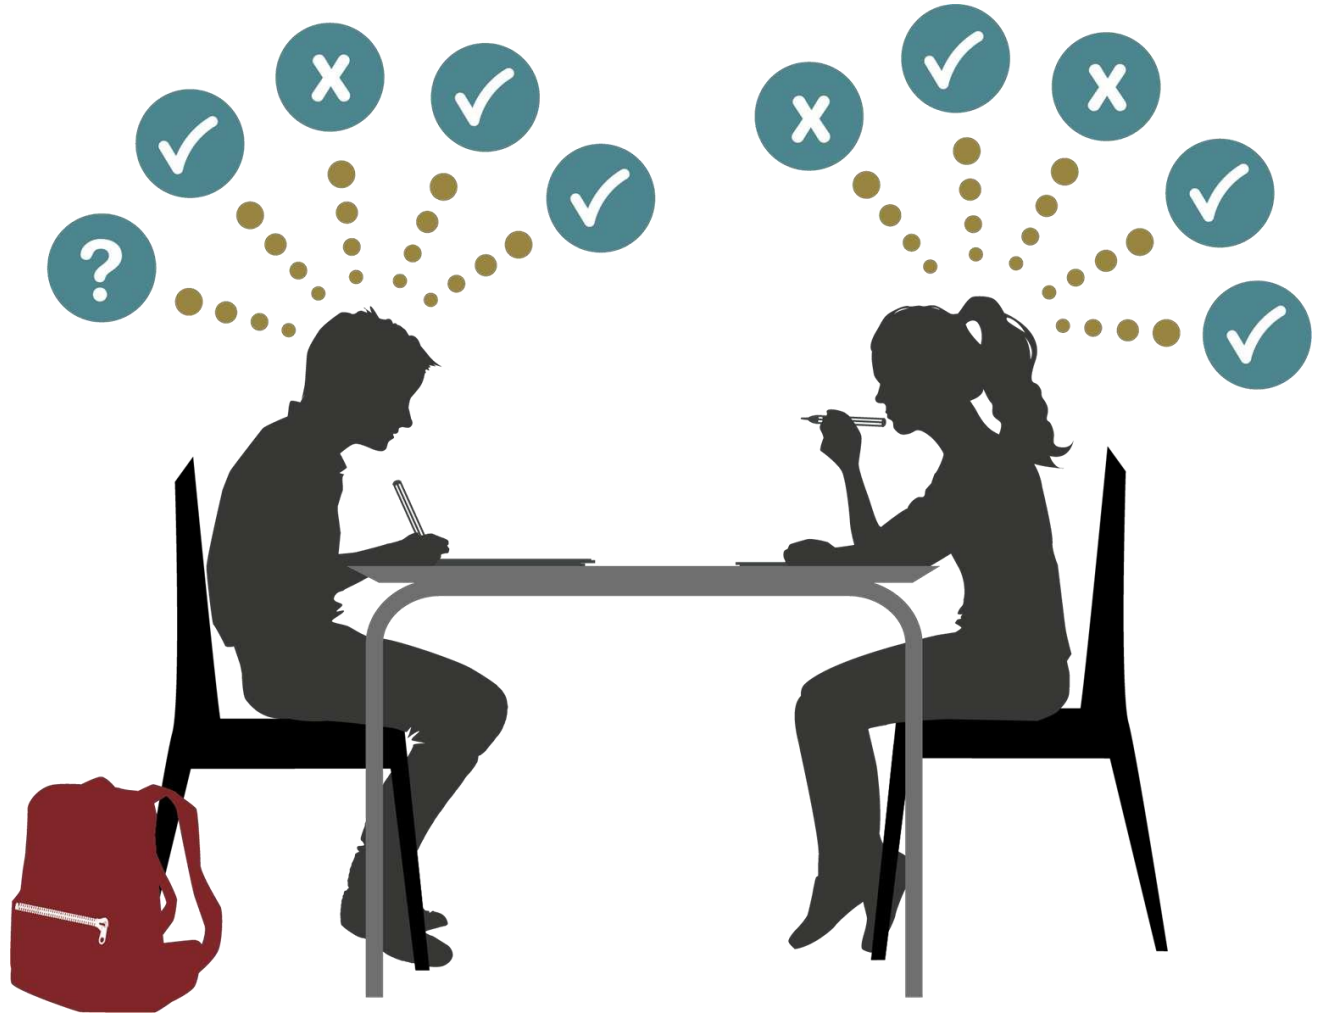
Feb	**4th** Sixth Form Application Deadline	**Aug**	**25th** GCSE results day and post exam surgery (until 3.00pm)
Mar			

How to Revise Effectively



Before you begin ...

- ✓ **Find a suitable place to work which is peaceful.**
- ✓ **Ensure you have all the equipment you need at the start.**
- ✓ **Ensure you don’t have distractions, put your phone out of the room.**
- ✓ **Revise in 45 minute blocks then have a 15 minute break.**

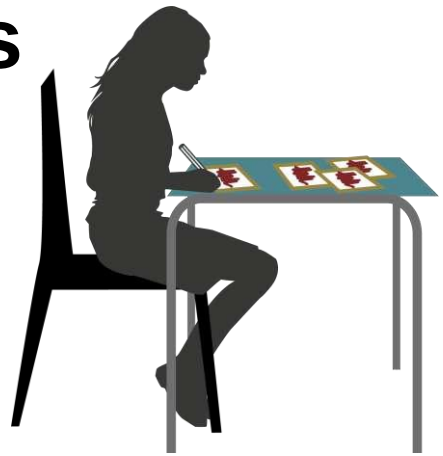
1) Recalling Information (Retrieval Practice)

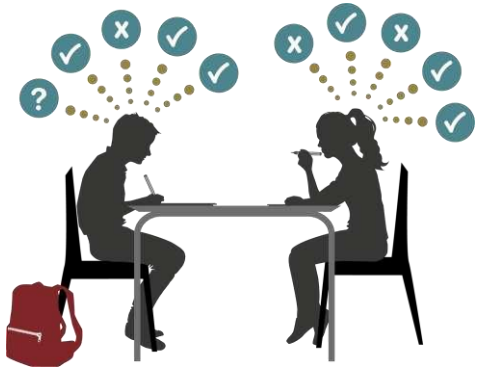
X **Don’t just re-read information**

X **Don’t just highlight your notes**

1) Recalling Information (Retrieval Practice)

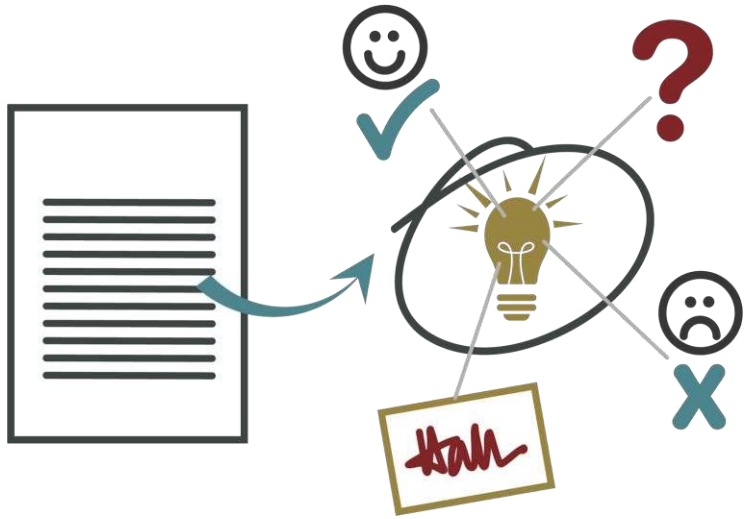
- ✓ **Summarise the information you need to learn.**
- ✓ **Read your revision notes, cover them up and set a ten minute timer and write down as much as you can about the topic.**
- ✓ **Do use quizzes and the help from other people to test your knowledge and memory.**





2) Dual Coding

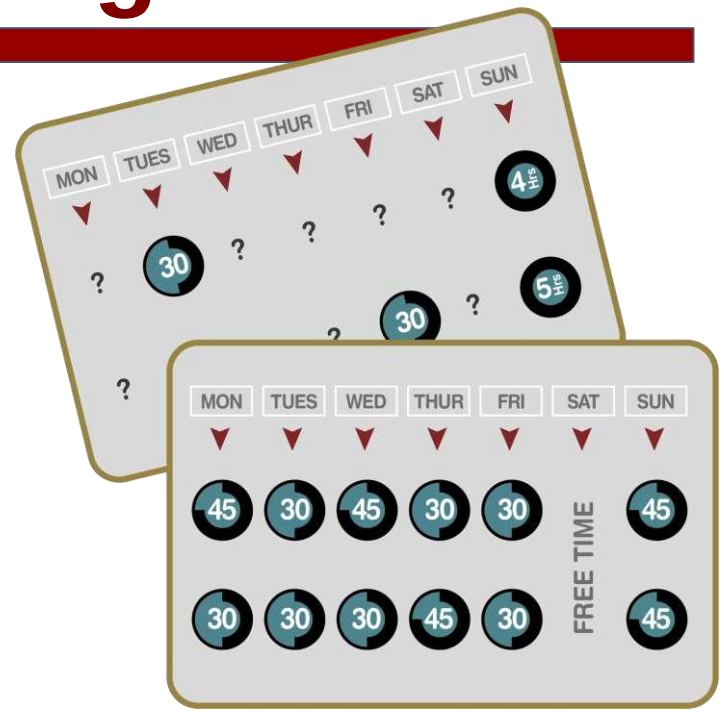
- ✓ **Do use dual coding when you have text heavy notes that could be represented visually.**
- ✓ **Do try to come up with a variety of different ways to represent information visually, e.g. timelines, diagrams, flow diagrams, cartoon strips, etc.**
- ✓ **Do remember to try and recall these diagrams during retrieval practice.**

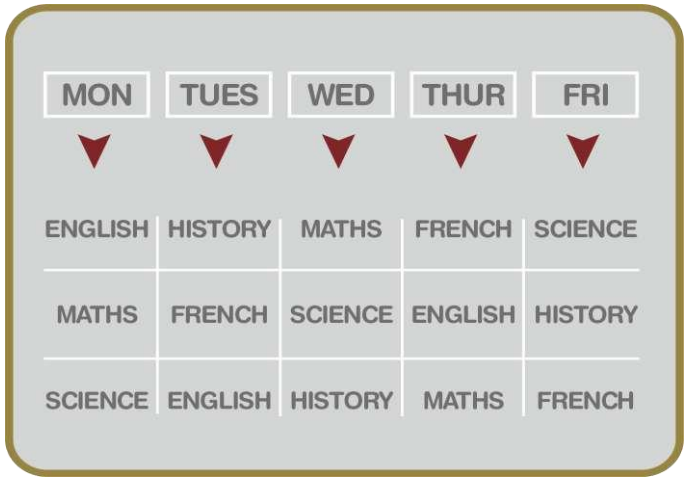


3) Spacing and Interleaving

- ✓ **Do create a revision table where each subject or topic is spaced out. Each time you return to the topic, you will remember more and more.**

- ✓ **Do interleave 2-3 subjects in a day or week.**





So, in summary…….

- ✓ **Retrieval is the key - make your brain work and then it will remember the knowledge.**
- ✓ **Test yourself and get others to test you - make your brain work and then it will remember the knowledge.**
- ✓ **Change text into a range of diagrams - make your brain think.**
- ✓ **Plan ahead so you can space out revision for each subject and you can revise a few subjects each day.**

MORRISBY
The Profiling Experts

MORRISBY
The Profiling Experts

Discover your hidden talents and choose a fulfilling career

Have you always dreamed of pursuing a different career but not sure if it's the right move to make? Or have you still no idea what you really want to do and are struggling to work out what you're best at?

If you need help and guidance, the Morrisby Profile Report can help you understand your strengths, look at your options and help you make the right decisions about your future.

"My report really "My report really helped me decide what career I should choose and helped me understand what my strong points are"

The Morrisby Profile can help you:

- recognise your strengths and abilities
- uncover and develop new talents
- work out realistic goals for your future
- decide what subjects to take at college or university

19th April 2022

Entry criteria - Average point score and grades in subjects

- Average point score 4 - 5: C-TECH/BTEC blend
- Average point score 5 and above: 3 A-levels (except hard sciences) with a 6 in the subjects you want to study* (except Maths = 7, Further Maths = advise an 8)
- Average point score of 6 and above: 3 A-levels incl. Sciences (to study Biology or Chemistry requires a 6 in Maths, Physics needs Maths)
- Average point score of 7 and above: 4 A-levels possible

* English and/or Maths GCSEs at 6 and above are often the entry criteria for subjects which have not previously been studied.

Further information and advice

- Alison Curnow Hertfordshire Services for Young People
  - see Mr Cross or Miss Cleverly for an appointment
- School careers blog: http://careersatbeaumontschool.blogspot.co.uk
- School website: Sixth Form area
- BSV: www.beausandver.org.uk

What now?

- Keep working hard and prepare for the mock exams!
- Do some research on courses and entry criteria (last year's information at: beausandver.org.uk)
- Check if there are any specific requirements if you have a particular career in mind
- Come to the January evening with a shortlist of subjects to gather more information about.

Thank you for coming
