

**Beaumont School
St Albans, Herts
Headteacher: Martin Atkinson**

**Teacher of Science (any specialism) (full-time or part-time – minimum
0.6fte)
MPS/UPS and London Fringe**

Required September 2022

Beaumont school is offering an excellent opportunity to join a high-achieving department within an outstanding school (Ofsted, 2014), which places wellbeing at the heart of decision-making and actively supports staff in their continued development. We are seeking to recruit an enthusiastic and skilled Science teacher, who is able to teach all ages and abilities, 11-18. Many of our students choose to study 'Triple Science' at KS4 and we regularly have large KS5 cohorts. The Science Department is the largest in the school and benefits from experienced and newer members of staff. Science is well resourced and supported by five excellent technicians. The department has a high profile within the school and achieves outstanding results. Large numbers of students go on to study science subjects at university and we offer a full enrichment programme including the Biology Olympiad, Cambridge Chemistry Challenge, CREST Awards, and much more. This is an exciting time to join our team as we have recently moved into a new, state of the art Science Block, which includes 12 modern laboratories and three preparation rooms, as well as a teachers' workroom.

Early applications are encouraged as the school reserves the right to close the advert should we feel able to appoint an appropriate candidate.

Please indicate in your application whether you are seeking full- or part-time employment.

Closing date: 9.00am Monday 6 June 2022

Interview date: Week commencing 6 June 2022

All post holders are subject to a satisfactory enhanced Criminal Records Bureau disclosure.

Beaumont is committed to the protection and safety of children and young people.

Beaumont is a diverse school and an equal opportunities employer. We encourage applications from all backgrounds and identities.
