National Apprenticeships Week 2026

Dear Parent/Carer

Next week is National Apprenticeships Week 2026 and we would like to share the wealth of resources available to support our community with a greater understanding of the fantastic apprenticeship opportunities available.

Please find attached two documents that explain the different types of apprenticeship available.

On Tuesday 9th February at 18:30, *Amazing Apprenticeships* are running a special parent and carer webinar. Apprenticeships offer exciting and practical routes into rewarding careers. This session is designed to help parents and carers feel confident supporting the young people in their lives as they explore these options. Apprenticeship pathways are becoming increasingly popular with our students and therefore this seminar might be of interest to you. They also have a wealth of resources in their [parent/ carer zone](#) that you might like to explore.

The Parents' Guide have also compiled the following resources to inform families about the process of pursuing an apprenticeship opportunity:

- [Is an apprenticeship the right choice for your child?](#)
- [Introducing apprenticeships: a great pathway to career success](#)
- [Support and help for apprentices with a learning difficulty or disability](#)
- [How to help your child apply for an apprenticeship – the application process](#)
- [How to help your child prepare for an apprenticeship interview](#)
- [Getting a degree - is an apprenticeship or university the right choice for your child?](#)

If your child is in Year 10 -13 and is considering an Apprenticeship pathway, they can arrange a meeting, via their Head of Year, with Alison Curnow who is the school's Personal Adviser from Herts Services for Young People.

With best wishes,

Mrs J Tolley

Assistant Headteacher - Careers Lead
